Reynella Junior Air Rifle Club

## **About this Club**

## Specially for the Mums and Dads:

Target Rifle South Australia supports the Olympic and Commonwealth Games disciplines of Air Rifle and .22 rifle Target shooting.

Ours is not a "main-stream" sport, however it does have an excellent reputation for being a very safe sport, and we offer many opportunities for both boys and girls alike.

Together with our affiliated club, the Reynella Smallbore and Air Rifle Club, we would like to offer a non-contact, injury free sport in a club specially designed to introduce both boys and girls aged between 10 and 18 years of age, into our sport.

Our coaches are all responsible, licenced and have had Police Checks. The air rifles we use are .177 cal. target air rifles, similar to those shown in the pictures on the right. The club will provide rifles and coaching as well as some fun competition that is suited to the juniors.

While we stress safety and responsible use of firearms, we also encourage personal goal-setting, healthy competition, good concentration, confidence, self esteem, discipline, respect for others and good sportsmanship while we have fun.

This could be the beginning of a life-time sport for your child.

. . . . . . . . . . . . . . . .

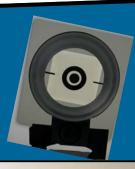

Start over the bench—learn the basics of sighting and trigger!

Standing supported, challenge yourself!

We use peep sights! So this is what you will see when you aim at the target.

Then free standing, when you can hold the weight of the rifle.
